## Maestro™ 12 Volt Variable Speed Fan

Building on the popularity of the original Bora™ fans, the 7482 fan boasts an improved design along with dual LED bright area lighting and night vision red. Equipped for bulkhead mounting, its convenient wired remote pendant control can be located up to six feet away from the fan.

Wired remote pendant control can be surface or flush mounted. Ideal for sleeping areas, main salon, cockpit or galley. Fan can be swiveled for airflow in any direction. Variable fan speed allows for whisper quiet operation wherever the Maestro is located and a must have feature when used in sleeping areas. Features low power draw combined with the quietest and most efficient fan in its class.

### Features & Benefits

- Variable fan speed for ideal sleeping environment
- Up to 130 CFM cooling comfort
- Whisper quiet
- Dual LED area lighting and night vision red
- Locate wired remote pendant control up to 6' from fan
