CLEAN, SIMPLE DESIGN WITH ADDED COMFORT

MODEL	DESCRIPTION	DISCHARGE	SEAT HEIGHT	SEAT SIZE	FLUSH METHOD
M65-5000	6.5 gal / 24.6L Capacity Marine Toilet	1.5 in. / 38mm ID Plumbing	18.65 in / 47.4cm	Elongated	Foot Pedal
M65-700	6.5 gal / 24.6L Capacity Marine Toilet	1.5 in. / 38mm ID Plumbing	17.25 in / 43.8cm	Standard	Foot Pedal

Stylish holding tank made from durable ABS provides an easy to clean surface and sealed containment.

The dip tube and vent kit rotate over 270° to provide easy connection to your hoses with no gluing required.

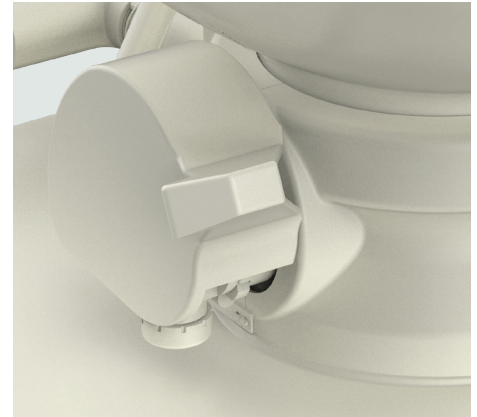

The built-in 6.5 gallon / 24.6 liter holding tank provides plenty of capacity for a full day on the water.

Clean and simple design will enhance the look of any head compartment.

The 5000 model offers an elongated seat with a deep bowl for your added comfort.

The steel flush lever under this cover provides dependable flush action every time.
