

## **Eco Tank Pro™ Holding Tank / Septic Tank Deodorizer & Waste Digester**

- Eco Tank Pro Advanced bio-stimulant formula works effectively to eliminate odor and break down solids in your holding tank
- Simply drop Eco Tank Pro™ into the holding tank
- The natural culture stimulant formula starts working immediately
- It also quickly liquefies paper, eliminating the need for special Marine Grade toilet paper
- Completely safe for the environment and holding tanks
- Unbeatable odor control
- Water soluble granules dissolve quickly
- Rapid breakdown of waste and paper
- Sensor cleaning and valve lubrication
- Formaldehyde-free formulation
- Septic Tank safe

### **Tank Pro Holding Tank Treatment for Boat or RV:**

- Eco Tank Pro™ holding tank treatment product accelerates organic decomposition to remove odors and break down waste and toilet paper
- It also cleans sensors and prevents clogging
- Eco Tank Pro™ contains no perfumes or staining dyes
- This powerful formula is environmentally friendly, 100% biodegradable and safe for waste dump stations and septic tanks
- Containing no formaldehyde, Eco Tank Pro™ is non-toxic, environmentally friendly, and handles the toughest odors inside your camper or RV
- Eco Tank Pro™ freshens sinks and drain lines by dissolving grease and organic sludge that accumulates over time. In addition, by continuously promoting the high metabolism of native bacteria inside the grey tank, Eco Tank Pro™ effectively deodorizes grey tank odors

### **Eco Tank Pro - Septic Tank Treatment:**

- Simply Add Granules
- Eco Tank Pro™ is designed specifically to fight even the toughest septic tank odor
- Continuous use of Eco Tank Pro™ also reduces surface and bottom solids in the septic tank
- One scoop of granules per 20 gallons of septic tank
- Simply drop granules in the toilet and flush every month
- Billions of septic-specific bio-stimulants per dose begin to work by helping to prevent back-up and by dissolving sludge
- Eco Tank Pro™ is plumbing safe
- Eco Tank Pro™ products actively stop the production of odors
- Continuous use of Eco Tank Pro™ reduce bottom solids that can carry over to the leach field and cause clogging
- Once clogged, the system has nowhere to drain and the tank fills up, causing backup in the home and wet areas in the yard. Eco Tank Pro dissolves the waste
- Use of Eco Tank Pro™ boost the biological metabolism of active cultures which dissolve solids
- This beneficial bacteria is then carried over to the leach field to reduce solids and help prevent clogging – the biggest problem for septic systems, and the hardest and most costly to repair

### **Eco Tank Pro Grey Water Treatment:**

- Eco Tank Pro™ allows you to keep your grey water tank and drain lines open, flowing and odor-free
- Eco Tank Pro™ is a grey water deodorizer. The rapid-dissolving granules use a unique compound of odor stopping bio-stimulants and biodegradable surfactants
- Drop The granules into the sink or shower, turn on the water - Eco Tank Pro™ rapidly dissolves in 20-30 seconds
- Experience the Convenience for Yourself:
- Deodorizes grey tanks with the odor control formula Freshens sink and drain lines
- Dissolves grease and organic sludge from sink and drain lines Cleans the sensors inside the grey tank
- Dissolves rapidly
- Biodegradable Is Formaldehyde-free Has no Perfume
