

## RUN-DRY® IMPELLERS

They Run-Dry for up to 15 minutes!

► **Globe's Most Popular Impellers are Even Better than Ever**

The Only Impellers in the world guaranteed to Run-Dry for up to 15 minutes! Time on the water is precious, so trust the most reliable components available. Tests prove that Globe's Run-Dry impellers outperform standard neoprene or rubber impellers and are guaranteed to run-dry for up to 15 minutes.

Globe manufactures impellers for just about every application, including water & fuel transfer, engine cooling, maceration, food service and even ice resurfacing.

Globe makes 83 different Run-Dry® impellers for pumps made by the large pump manufacturers in the world. Visit the [GlobeMarineDirect.com](http://GlobeMarineDirect.com) to find the right impeller for your application.

In addition, over 30 of our most requested marine impeller models now come with their matching Gaskets and O-rings right in the package - and all for the same price. A transparent window has been added to the packaging, so you can see the Gaskets and O-rings inside. This new addition eliminates the time and hassle of finding and purchasing replacements O-rings and gaskets.
