

SPECIAL PURPOSE TAIL PIECES

THE CONCEPT

TP and TPC Series tail pieces are threaded with NPS (straight) female pipe thread, and are for use with GROCO® SV Series seacocks or with any product with straight male pipe thread.

The use of TP and TPC Series tail pieces on products with NPT (tapered) pipe thread is recommended only for low pressure applications, and then only with a generous application of pipe sealant or thread tape.

NEW
SIZES

MODEL NO.	THREAD NPS	THREAD NPT	A inch	B inch	PKG
TPT-5062	-	1/2"	2.16	5/8"	1

TPC SERIES - 90° BRONZE TAIL PIECE

TPC Series 90° tail pieces are comprised of two pieces. The swivel may be rotated in any direction to facilitate ease of hook-up; then the nut is tightened.
