

INSTRUCTIONS

Protexit™ Blocks

USA – Tel: (+01) 262-691-3320 • **Web:** <u>www.harken.com</u> • **Email:** harken@harken.com **Italy – Tel:** (+39) 031.3523511 • **Web:** www.harken.it • **Email:** techservice@harken.it

WARNING! Strictly follow all instructions to avoid an accident, damage to your vessel, personal injury or death. See www.harken.com/manuals for additional safety information.

Features

Strong, durable unibody top/side plates - hardcoat anodized forged aluminum.

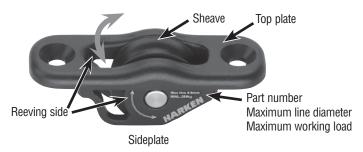

Sculpted top plate - protects sheave and sheds line.

Tough sheaves - machined from hardcoat anodized solid aluminum.

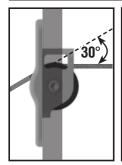

Proven bearing system - composite sleeve bearing with sideload ball bearings.

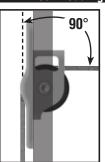

High load drop-in replacement - 30 mm blocks replace Bullet® blocks. Larger blocks fit common cutout and hole spacing allowing easy replacement.

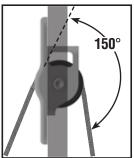

Terms

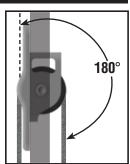

Block Loading vs Angle of Deflection

Block load increases when the line turns at a greater angle. Block loads double when the line turns 180°. If there is 400 kg (880 lb) on the line and the angle of deflection is 180°, the Harken throughdeck block is subject to 800 kg (1760 lb). Select blocks carefully. See specification chart on next page.

Angle of deflection	Load factor	Angle of deflection	Load factor	Angle of deflection	Load factor
30°	52%	90°	141%	150°	193%
45°	76%	105°	159%	160°	197%
60°	100%	120°	173%	180°	200%
75°	122%	135°	185%		_

Maintenance

Periodically inspect all fasteners to make sure they are secure.

Periodically clean with mild detergent and water solution. Spin sheave to distribute soap solution evenly. Flush with fresh water.

Note: Sheave is not removable.

General Maintenance

Harken equipment is designed for minimal maintenance. However, some upkeep is required to give the best service and comply with the Harken limited warranty.

Keep your equipment clean and free-running by frequently flushing with fresh water. Periodically clean with mild detergent and water solution. Spin sheaves to distribute soap solution evenly. Flush with fresh water.

IMPORTANT! Exposure to some teak cleaners and other caustic solutions can result in discoloration of part and is not covered under the Harken warranty.

Warranty

For additional safety, maintenance, and warranty information see www.harken.com/manuals or the Harken catalog.
