

55-5705

MOTOR LINK ADAPTER KIT

For Hydraulic Steering

This kit is used specifically to adapt our steering Kits to your main engine hydraulic steering.

A cleverly designed "L" shaped bracket makes steering your kicker motor from your console an everyday event.

The Kit includes "L" bracket, washers, mounting bolt, locktite, and instructions.

Can be used with Panther 55-2400, 55-2600, 55-2700
