PANTHER™

OUTBOARD MOTOR SUPPORT

High-Quality Motor Support for Safe Trailering

Ensure the safety of your outboard motor during trailering and transport with Panther's Outboard Support. Durable, adaptable, and designed for convenience, it's the go-to solution for boat owners who frequently move their boats over rough roads or long distances.

Adaptable Design: Internal features adapt to various shaft diameters, ensuring a secure fit for outboards ranging from **50 to 300 HP**

Superior Material: Injection-molded polyurethane offers superior durability, consistency, and resiliency compared to rubber

Safety Reminder: Highly visible neon green colour serves as a visual cue to remove the stabilizer before using the motor, preventing accidental damage

Weather-Resistant: Built to withstand harsh conditions, ensuring long-lasting performance

Easy Handling: Ergonomic grip for quick removal and installation.

- Fits trim ram diameters of 0.625" to 0.75".
- Length: 4 7/8"

Part ID: **552195**
