XTREME SERIES - TOP MOUNT CONTROL

APPLICATIONS

Dual-function control one lever controls throttle and shift. For nearly any engine

FEATURES

- All controls include start in gear protection
- Designed for use with both universal and OEM shift and throttle cable connections
- Suitable for most single engine/single station combinations
- Optional neutral interlock available
- Trim & Tilt options available
- Drag adjustment on all models
- Easy installation and set up
- Neutral "warm up" button for throttle only operation
- Designed and assembled in the USA

Issue Date - Oct 2016 Issue Number - mcda4

The ergonomics and features of our CHX8141P controls are advanced beyond those of any other control on the market. A shapely, balanced handle design provides an incredibly smooth yet positive feel, neutral throttle warm-up and startin-gear protection features are standard on all CHX81/6XXP models, with neutral interlock and power trim/tilt offered as an option.

In addition the cosmetics of these controls can be configured to many tastes. CHX81/6XXP controls are suitable for use with both universal type 3300/33c or OEM type control cables without the need for additional adaptors.

NOTES: The handle is on the left side of the bezel.
