

3 Watt Floating Handheld VHF Marine Radio

Largest Screen in Class*

Big screen, compact size, and a boatload of features — it's the radio you won't leave shore without.

When every inch of space counts, you still want the important features that will keep you safe at sea. The Atlantis 155 doesn't sacrifice big features to keep it's profile small. It floats, meets the toughest water-proof standards and even clears its speaker after being submerged. And with its compact size it's never far away when you need to stay in touch the most.

Atlantis 155
